Craig Cody 16 Chestnut Street Suite 420 Foxboro, MA 02035

RE: **EM-T-MOBILE-101-151202 -** T-Mobile Northeast LLC notice of intent to modify an existing telecommunications facility located at 125 Washington Avenue, North Haven, Connecticut.

Dear Mr. Cody:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on December 2, 2015.

Council staff has identified the following discrepancy:

The referenced decision, Docket No. 117, approved a different facility than the facility in which
modifications are proposed. The approval decision for the facility in which modifications are
proposed is therefore not given, and so it is unclear whether this modification would violate the
municipality's conditions of approval.

The coordinates for the facilities in proximity of each other are provided for your use.

117 Washington Avenue (Approved in Docket 117): 41.39638056, -72.85768056

125 Washington Avenue (Not certified by Council): 41.39769273, -72.85684991

The rationale for the request for information regarding municipal conditions of approval originates from the FCC Wireless Infrastructure Report and Order for eligible facilities requests to comply with any conditions of the original approval for an existing tower.

Therefore, the notice of intent to modify an existing telecommunications facility is incomplete at this time. This notice of incompletion shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

The Council recommends that T-Mobile provide information to clarify or fulfill the deficiency noted above.

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Very truly yours,

Melanie Bachman
